April 10th, 2023

To whom it may concern,

This letter is in regards to Dileo Gas, Inc. request for adding one (1) 30,000-gallon propane tank to their depot storage site located at 124 Providence Road in Sutton. Currently they have two (2) 30,000 gallon tanks on site. With the addition of this tank it would bring the total onsite storage to 90,000 gallons.

The Fire Safety Analysis for this site has been updated by Kyle Thrasher from Crown Energy Solutions. We do not foresee or have an issue with Dileo Gas, Inc. moving forward with the process for approval for adding an addition tank to this location.

Sincerely,

A handwritten signature in black ink, appearing to read "Mathew R. Belsito".

Mathew R. Belsito
Fire Chief

A handwritten signature in black ink, appearing to read "Robin E. Dresser".

Robin E. Dresser
District Chief
