Public Hearing – 181 Burbank Road – Special Permit for Accessory Apartment

Applicant/owner Jeff Lizzotte was present to explain his request to the Board. He wishes to add an approximate 740 s.f. addition onto his existing home for himself, and his children will occupy the main home. J. Hager shared the aerial of the site and plans to the screen for those in attendance.

The Chair read department comments. The Board discussed the need to approach the Building Department about verifying the required side lot line setback and adequate/Code compliant means of access exists to the accessory apartment. The Board of Health must confirm the septic system is adequate for an additional bedroom. It is also the applicant's responsibility to determine if any work is within 100' of a wetland and if so they must file a Notice of Intent with the Conservation Commission.

M. Gagan read a comment from abutter A. Priestman of 185 Burbank Road. She expressed concerns about noise during construction and the timeline for the construction as her daughter is getting married and she was hoping there wouldn't be disruptions while family is staying with her. Mr. Lizotte stated he would start now if he could and anticipates the project will take about 6 months. He noted they will likely not be working on weekends. The Board stressed that they hoped Mr. Lizotte would have a conversation with his neighbor, or at least be mindful and limiting noise to reasonable levels and hours.

The Board discussed access to the accessory apartment at some length and impressed upon Mr. Lizotte that he needs to be sure that if emergency personnel are ever called to the home that adequate signage is posted to make it clear to them how to access the apartment as seconds count.

Motion: To grant the Special Permit for an accessory apartment at 181 Burbank Road with the following conditions: W. Baker

1. Approval of all other required departments, boards and/or commissions, especially from the Building Department and Board of Health.
2. Separate street numbers must be utilized as assigned by the Board of Assessors. Said numbers shall be clearly posted on the home and accessory apartment and at the street if not visible from the street to ensure emergency vehicles and response personnel know where/how to gain access to each dwelling.

Filings – The Board acknowledged the filing of Site Plan and Special Permit Applications for an urgent care center at 15 Pleasant Valley Road. The hearing will be 1/23/23.

Site Visit Reports – The Board received site visit reports for Blackstone Logistics Center, Unified Parkway, and Unified Building #3.

Abutting Town Notices: None.

Correspondence – J. Hager noted they had received a Volunteer Action Form from Jen Heck of Burbank Road who expressed an interest in serving in various capacities in Town including on the Planning Board. As there is no current opening, Ms. Heck was informed her form would be kept on file and perhaps in the meantime she can watch or attend a few meetings to make sure if an opening happens, that the work of the Board is something she'd like to pursue. She was present via Zoom.

Board Business – J. Hager asked the Board if they would grant permission to use up to 13 hours of Local Planning Assistance (LPA) hours from Central Mass Regional Planning Commission (CMRPC) to have their staff finish items within the Open Space Rec Plan that the state wants adjusted and she simply does not have time to accomplish these items. Additionally, she suggested another 2 hours might be well spent having CMRPC provide a framework of an action plan to meet MBTA community requirements of the Housing Choice Act that need to be completed by late January. The Board unanimously supported these expenditures of LPA hours. R. Largess Jr. noted a good expenditure might also be continued monitoring/traffic counts in areas of town, like Wilkinsonville, that are likely to see traffic increases.

Motion: To adjourn, R. Largess Jr.
